

Bulletin 1/2 NOVEMBER 2017

Dear orienteering friends,

These are the words of The Czech National Anthem: Where is my home, where is my home?

Over leas are waters streaming,

On the hills blue forests dreaming,

Flowery worlds Spring's happy skies,

Like as earthly Paradise:

There's the land so full of beauty,

Czechia, my fatherland,

Czechia, my fatherland!

The anthem sings about beauty of Czech nature and paradise on earth. "Paradise" is in the name of the beautiful natural area around cities of Jičín, Turnov and Mladá Boleslav, which is called – Český Ráj (Bohemian Paradise).

We would like to invite you to this region for World cup finals 2018. Come enjoy our paradise.

Radan Kamenický Chairman of Czech Orienteering Federation

WELCOME IN PRAGUE AND BOHEMIAN PARADISE!

Prague is the capital and largest city in the Czech Republic, the 14th largest city in the European Union and also the historical capital of Bohemia. Situated in the north-west of the country on the Vltava river, the city is home to about 1.4 million people.

Prague is home to a number of famous cultural attractions, many of which survived the violence and destruction of 20th-century Europe. Main attractions include the Prague Castle, the Charles Bridge, Old Town Square with the Prague astronomical clock, the Jewish Quarter, Petřín hill and Vyšehrad. Since 1992 the extensive historic centre of Prague has been included in the UNESCO list of World Heritage Sites.

The city has more than ten major museums, along with numerous theatres, galleries, cinemas and other historical exhibits. An extensive modern public transportation system connects the city. Also, it is home to a wide range of public and private schools, including Charles University in Prague, the oldest university in Central Europe.

There are not many places in Europe that offer as many natural attractions and beauties as Bohemian Paradise (Český ráj). At first glance, this hospitable landscape is scattered with dramatic rock formations, deep shady valleys, meandering rivers and quiet ponds surrounded by forests.

Bohemian Paradise is the oldest protected landscape area in the Czech Republic and in 2005 it became the core of a new UNESCO Geopark. Bohemian Paradise, this exceptionally colorful mosaic of landscape types, geological phenomena and biotopes, complemented by historic monuments and typical folk architecture, covers almost 1400 square kilometers and is situated between the towns of Mladá Boleslav, Jičín, Nová Paka and Semily.
